The Law Regulating Newspapers and Periodicals

1 Subscribers who do not give express notice to the contrary are considered as wishing to continue their subscriptions

2 If subscribers order the discontinuance of their papers the publisher may continue to send them until all arrearages are paid the subscribers are responsible for all the numbers sent

3 If subscribers neglect or refuse to take their papers from the office to which they are directed they are held responsible till they have settled their bills and ordered their papers discontinued

4 The Courts have decided that a refusal to take a newspaper or periodical from the post office with out notifying the publisher and the payment of all arrearages, is prima facie evidence of fraud

Subscribers to newspapers or periodicals removing are liable to pay, so long as the paper or periodical may be sent to the residence of the party at the time of subscription, unless notice is sent of such removal to the publication office

PHOTOGRAPHS
—AND—
Photographic Frames!

BOOTS AND SHOES
MADE ON
PLUMER'S PATENT ANATOMICAL LASTS!

[From J V C Smith, M D formerly Mayor of Boston]

PLUMER'S PATENT BOOTS.

The Undersigned has worn a pair of these Ianus Boots, and feels grateful to the Inventor for the comfort derived from them The nice adjustment of the sole to every part of the under surface of the foot, is an important circumstance which seems to have been entirely overlooked till Dr Plumer planned his Last and Boot upon truly scientific principles

Those who have once had an opportunity to test the real advantages of these philosophically made Boots will hardly be reconciled to wear any other
J V C SMITH
BOSTON July 26 1861

J C PLUMER, M D
Dear Sir I am greatly delighted with your newly invented boots which I have worn during the past winter and only wonder that the world should have been so stupid, as not to have made the discovery half a century ago Any one with a grain of common sense and a moment's reflection cannot fail to see that your PATENT BOOTS AND SHOES are perfectly adapted to the foot (that wonderful piece of Nature's Mechanism) giving to every portion of it a fit and equal support and I am sure that those who once make trial of your new invention will never go back to the old fashioned boots or shoes, which are so prolific of Corns, Bunions and a thousand other troubles Your "Patent Boots" seems to be part and parcel of our Physical structure supporting the foot firmly giving steadiness to the gait and promoting human comfort to an eminent degree, especially in walking over rough surfaces

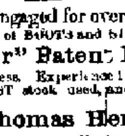

I wish I knew of some means by which I could make known to every man woman and child in Christendom the nature and importance of your invention. Very truly yours
MORRIS MATTSON M D
65 Summer Street
PORTLAND July 12, 1860

DR PLUMER—
Dear Sir Having learned the principle upon which your Anatomical Last is made I was favorably impressed as it would likely relieve a difficulty which all have experienced who have to walk considerably viz severe pain in the foot after much walking After having worn the boots made upon the Anatomical Last I found my anticipations more than realized I can walk nearly all day without experiencing the above named difficulty in the least degree I also escaped the torturing process of breaking in my boots for they were as easy at first as after they had been worn
Truly Yours C H BURBANK M D
Corner of Congress and Temple Streets

I have been engaged for over six months in the manufacture of BOOTS and SHOES on the "Plumer" Patent Last with decided success. Experienced workmen are employed, the BEST stock used, and a perfect fit guaranteed.

Bangor Times Nov 4th

CURE OF CATARRH I have been afflicted with Catarrh in the worst form [illegible] [illegible] constant discharges [illegible] [illegible] had severe headache and [illegible] [illegible] which Catarrh produces I am now, [illegible] under the care of Dr Lighthill and [illegible] thus far recovered my health as to be able to recommend him to others I knew affl[illegible]
[illegible] in Newburgh Me
Bangor Oct [illegible]

SUCCESS OF DR LIGHTHILL We are pleased to note the success of Dr Lighthill [illegible] [illegible] thus far [illegible] the following remarkable case [illegible]

To the afflicted [illegible]
I have [illegible] [illegible] a new man [illegible] [illegible] [illegible] which restored [illegible] me my hearing of which I have been deprived for nearly [illegible] year My [illegible] gradually [illegible] I am [illegible] years of age [illegible]
JOHN J THOMPSON
Bangor Sept [illegible] 1861
Bangor Times [illegible]

CATARRH

This is to certify that I was afflicted with Catarrh in the worst form I had a constant discharge of mucus from my head into my throat Hardened pieces of mucus would come from my throat and nostrils after a severe effort to raise them which almost took away my strength I had a severe pain on top of my head and above my nose [illegible] would not digest easy In fact, I was completely run down. Physicians would call my disease incurable Last spring, while Dr Lighthill was at Portland by the persuasion of my friends I placed myself under his care, and after two months treatment I was entirely cured and have remained well up to this
WM E JAMES
Portland, September 28th 1861

DR LIGHTHILL—The Doctor who has been eminently successful in treating diseases of the Eye and Ear, as his patients are ready to testify, is still stopping at the Bangor House and will remain in the city a short time longer Among the many of his extraordinary cures, the Doctor has a certificate from Mr Joseph Bishop of Leeds, Me who is 80 years of age and has been deaf for thirty years —He was entirely restored to his hearing after being under the Doctor's treatment for a short time and says he feels like a young man again " Those afflicted will be the gainers by calling on Dr Lighthill—Bangor Whig Oct. 30, 1861

DR LIGHTHILL—Dear Sir In showing you a mother's gratitude for the cure you have effected upon my daughter I can in no way do better justice to yourself, or confer a greater benefit upon the similarly afflicted than by annexing with these—my heartfelt thanks—a short description of my daughter's condition before she was put under our care My daughter Clarinda B Mason who is fifteen years of age has been afflicted for a number of years, aside from all the symptoms and disagreeable consequences of Catarrh with an excessive discharge of corrupted, I may say mortified matter from her head and nose; so that at such periods she could not stay in school, and the discharge not only made her sick but made her breath so offensive that it was impossible for any one but a tender mother to be near her These periods were coming on once or twice a week sometimes even oftener I am happy to inform you that I now consider my daughter entirely well I cannot too strongly recommend others not to despair [illegible] relief from Catarrh because their physicians did not succeed in curing them or pronounced their cases incurable or [illegible] such was exactly the case with [illegible] and it was only after repeated recommendations from my friends that I was persuaded to place her under your care Very respectfully your

Double Column Advertisements inserted at the rate of "Special Notices."

*** Advertisements, where the time of insertion is not specially designated, will be continued until otherwise ordered.

In Peace or War, on land or sea,
Our flag, the ægis of the free,
Bright emblem of Columbia's glory!
Shall tell to coming years the story,
How, stout of heart, and strong of hand,
The patriots of our native land
Bore it, the nation's hope and life,
On tented field, 'mid fearful strife,
Still on! 'till through the sulphurous cloud
It broke in triumph Treason's shroud!

WHAT CONSTITUTES AN EFFECTUAL BLOCKADE? Much gasconade has been expended by English papers, upon the reported fact that a number of small vessels have succeeded in evading our blockade of the Southern ports, and are constantly doing so. Upon this they demand that the English government shall interfere and break up the blockade altogether. But that government knows there are no sufficient grounds for claiming that the blockade is ineffectual—and it also knows that if it should interfere forcibly, without better cause that yet exists, it would place itself in the position of deliberately violating those laws of nations in regard to blockade of which England has herself often claimed the benefit, and which she will doubtless desire again to put in force. A good authority has declared that, to make a blockade effectual in the acceptation which the term has in the law of nations, "a sufficient force must be stationed at the entrance of the port to stop all vessels entering in the ordinary way of commerce. The test of the effectual nature of a blockade has been generally this, whether the merchants of the world are or are not able to be misled by the frequent entrance and exit of vessels, into the idea that the port is really open and the blockade only nominal. The force which is necessary to make the blockade effectual must depend on the power of the belligerent nations, not on the power of neutrals. Thus in the present instance, it is by no means necessary to maintain as large a force at Charleston, as it would be if our enemy had a navy. We are not to have a force sufficient to overpower the resistance of neutrals. That is no part of the law of blockade. Our force must be adequate to hold our position and not be driven off by the enemy. For all purposes of a neutral, it is sufficient when he arrives off a port which he wishes to enter, that it is overhauled by the smallest government vessel. If he chooses to have a force inferior even to his own merchant vessel, and attempts to run the blockade, he must suffer the consequences, nor dare attempt to use force. No neutral or either merchant or government vessels, has any right to force a blockade. There is also no principle better settled than this, that if a blockading fleet is occasionally driven off by a storm, it does not disturb the effectual nature of the blockade. In the words of Phillimore's International Law such occurrences "effect a mere accidental change to which every blockade is incident, but it does not suspend, much less break the blockade." But if a superior force of the enemy drives off the blockading squadron, the blockade is ended, until regularly renewed, by the usual course. It is also worthy of observation that the law of blockade is understood as applying to ports of entry and not to lines of coast. A blockade therefore which is ineffectual at Charleston is not necessarily so at Savannah, or New Orleans. And the utmost that any government can claim as the result of an ineffectual blockade of a port is that that port shall be considered open until the blockade is renewed by notice and made effectual.

Reports from the South say that Gen Sam Houston, of Texas, died on the 8th of October. It has been wisely though waggishly said of him, that the greatest mistake of his life was that it was a few months too long, in other words, that his life held out a few months longer than his loyalty.

At Madame Varian's concerts in Boston last week, aides brought their knitting work for the soldiers. They were also noticeable at balls made work while travelling in the horse cars. The thing a becoming fashionable as well as patriotic—an excellent style indeed.

The N.Y. Tribune recently asserted that a South Carolinian still resident at Charleston, has invested $10,000 in the U.S. 7 30 loan.—He will probably not be in a hurry to [illegible] that fact (if it be a fact) to his neighbors.

[illegible] FOR THE NAVAL EXPEDITION. The U. S. steam transport City of New York, sailed on Thursday evening with a [illegible] ... water for the great Naval Expedition. Her destination is said to be Port Royal.—[illegible]

A NEW WHALING GROUND. The New Bedford whalers have discovered a great whaling ground, where the ocean fairly swarms with the monsters, away up in high northern latitudes, where icebergs and white bears abound. The place named is 1600 miles west of Cumberland Inlet, in lat. 65 deg., off to the west of Greenland, and west of Davis's Straits. It has never been visited by whalers before, either American or foreign. "No ship has been there since the expedition of Perry and Lyon, in 1822.

DESPATCHES BY TELEGRAPH TO SAN FRANCISCO. From thirty to fifty business dispatches are sent from New York to San Francisco daily.—Gentlemen not unfrequently pay $50 for the privilege of communicating with the Pacific.—Before the line was completed, and while the Pony Express formed a link in the connection, $150 was often paid for sending a dispatch, partly by telegraph.

THE RECOGNITION STORY. Mr. Weed thus speaks of the Independent's story about the recognition of the Southern Confederacy, and the agency of Messrs. Seward and Weed therein: "The Independent's information is as unfounded as it is absurd. What Mr Seward's views are, we all readily know from his letter of instruction to our Minister to France, and his more recent note to Lord Lyons. As to Mr Weed, it is not too much to say that no man in the country is more earnestly in favor of prosecuting the war vigorously and 'conquering a peace' at the cannon's mouth. Laboring for peace while he thought peace possible, he is for war, and war to the bitter end, now that it has been forced upon us."

It is contemplated in New York, among the moneyed men, to raise a sufficient sum to purchase 60,000 reams of paper, to be presented to George D Prentice of the Louisville Journal, for his patriotism and courage in battling for the Constitution and his country.

SENDING MISSIONARIES TO THE UNITED STATES. The Honolulu Friend of Sept 11th, says: "We have no Hawaiian Missionaries to send to the United States just now as the appeal is so strong for laborers in Marquesas and Micronesia, but in a few years, we might have a few to send to the benighted and barbarous of the United States."

BUYING COTTON. The New York World says: "I hear it from unquestionable sources that the agents of English houses are busily employed all over the South in buying cotton and tobacco, for which gold or Bank of England notes are given. These people take the risks, and if they succeed in getting their cotton abroad they will make a splendid profit."

STEALING TELEGRAPHIC DISPATCHES. One way in which the rebels get information is by tampering the telegraph wires. A few days since a well known detective, Jenks, receiving information about some telegraph violators, took with him from St Louis another person named George and caught the rogues in the act. The two rebel telegraphers were found in a secluded spot where they had made a secret connection with the telegraph wires, and were receiving all the news as it passed over the route. Capt Jenks and George fired and one of the rebels fell dead. The other whipped out and nearly killed George, when the captain despatched the second rogue like the first. The telegraph apparatus was captured and brought to St Louis.

MAJOR SEAGODNY. Major Seagodyn, whose brilliant charge at the head of Fremont's body guard, upon the rebels at Springfield, has already been announced, was formerly an officer under Garibaldi. While in his service he was brevetted captain of artillery by the Piedmontese government, and decorated with the insignia of honor. He had [illegible] to testify to the brave deeds which he has achieved before coming to this country. In person Major Sagodyn is tall and very fine looking and his appearance would indicate that he is about thirty five years of age.

REAPPEARANCE OF A GREAT SINGER. Madame Lind Goldschmidt reappeared in a concert at Exeter Hall, London on the 22d ult. The oratorio of "Elijah" was performed.

AN INSULT TO THE ARISTOCRACY. Speaking of the landing of the naval expedition, the Tribune says: "Beaufort is one of the oldest towns of South Carolina, and is rather noted as the residence of some of the oldest and wealthiest families of a State that prides itself on families old and wealthy. To be approached and threatened by a Yankee fleet with whole cargoes of 'mud sills' and greasy mechanics is an indignity that must be considered at the South even more outrageous than the invasion of the 'sacred soil' of Virginia."

A CHILD'S CARRIAGE ON THE RAILROAD.—One day last week as the mail Train from Greenport was leaving the Cutchogue station, and was under full headway, the engineer discovered a child's carriage on the track. The breaks were applied by a signal from the engineer and the motion of the train was nearly arrested when the cow catcher caught the little carriage and tossed it from the track. A little boy rolled out of the tiny vehicle, and was picked up without having received a scratch.—The child had gone out with his little carriage, and seating himself unconcernedly in it, was playing ride on the railroad.

ARKANSAS BAGGAGE. "Boy, run up stairs to No — and bring down my baggage—hurry, I am about moving," said a tall Arkansas merchant looking person to a waiter at a crack hotel. "What is your baggage? Massa, and what is he?" "Why, three pistols a pack of cards, a bowie knife, and a shirt. You'll find them all under my pillow."

DISADVANTAGE OF BEING WHITE. "Well, Dinah," said a would be belle to a black girl, "they say beauty soon fades, do you see any of my bloom fading? Now, tell me plainly, without any compliments." "Oh, no, Missa, but then me kinder t'ink—" "Think what, Dinah? you are bashful!" "Oh, no, me no bashful, but den—but den me kinder t'ink as how Missa don't retain her color quite as well as a colored lady."

Now is the time when every young lady should give a soldier not only the "mitten," but a pair of them.

"KNITTING WORK" FOR THE SOLDIERS. The Lewiston Journal says: We understand that applications have already been made at Mr Dexter's store for more than one hundred dollars' worth of woolen yarn for soldier's socks and mittens, in acceptance of Dr Oakes's offer. One Sewing Circle, connected with the Society at North Auburn, has already asked for twenty five dollars' worth, and have set to work busily with their knitting needles. At the present rate, the ladies will give the private the whole army by the close of December.

A writer from Rockport (in the town of Camden) says: [illegible]

LOCAL AND MAINE ITEMS.

JOB WORK. We are prepared to execute job work of all kinds at remarkably low prices and in the neatest style.

Copies of the Daily Whig—price three cents—for sale at our counting-room.

Our Carriers are not allowed to sell papers on their routes.

Subscriptions for a less time than three months 50 cents per month.

NEW RAISINS—the first of the season, are to be found at the store of T J Stewart & Co.—They are remarkably fresh and nice. Stewart & Co keep a general and choice assortment of family groceries and provisions.

A BUSY PLACE. A call at No. 20 Main street will demonstrate that the war has not entirely dampened the ardor of business men, for Major Thomas Hersey, instead of contracting his business, is steadily enlarging and increasing it.—In the boot and shoe department will be found a large number of workmen employed in the manufacture of cavalry boots for Col Goddard's Regiment, and a remarkable firm and substantial article an examination will show them to be. They are thoroughly manufactured from the best of stock, and are every way A No 1. He is also manufacturing all kinds of boots and shoes upon Plumer's Patent Last. This last is made upon scientific principles, and persons wearing a boot or shoe made upon it, will find that the boot will not press forward and keep the toes constantly pinched up, which is the case with boots manufactured on the old last. It is impossible to have corns if you use the Plumer patent, and we have never known a person to wear boots made upon this last that was not perfectly satisfied that it was a good thing.

In the cap department about fifty girls are employed in the manufacture of cavalry caps twelve hundred of which are to be completed immediately for the regiment.

In the fur department, Major Hersey is clear up to the times. He buys enormous quantities of skins, the best of which he selects to manufacture for his customers, and the balance, he sells in Boston and New York. His fur goods are much finer looking than those brought here from the West, and many persons have bought goods in Boston and afterwards found that they were inferior to those manufactured by Mr Hersey, and that they had given a much larger price. His fur goods are hard to be beat.

The Major employs, in and out of the store, a hundred hands or more. We are greatly pleased to see these evidences of prosperity, and trust that increasing patronage will be his reward.

The regular meeting of the ladies at the City Hall tomorrow to work for the soldiers, will be remembered. See communication.

We would call attention to the Lecture by Dr Deming at the City Hall tonight. The Doctor intends to make it novel as well as instructive, and will close with some very amusing experiments with electricity. See advertisement in another column. Lecture free.

A company recruited by Frederick A Stevens, of this city, for the 13th regiment, Colonel Dow, will leave in the cars this morning for Augusta. Yesterday afternoon, the Bangor Young Men's Bible Society presented each with a neat copy of the Testament and Psalms, and the Hammond Street Sabbath School gave to each a copy of the Soldiers' Text Book. The presentation address was made by Rev. Edwin Johnson of this city, to which Capt Stevens, in behalf of the company, responded.

A supply of each of the above were forwarded yesterday from the same source, to Captain William L. Pitcher for his company, which was to leave Augusta this morning.

Elder Goller of Lewiston has permitted one of his carrots to grow to the alarming length of three feet and seven inches! Does not the Elder know that the trust of the earth, in comparison to its diameter, is a mere shell?

Captain Wm H Habbyof Portland, has been appointed sailing master in the U S Navy, and Henry G Hayes of Oxford, Master's Mate.

THE COTTON SUPPLY. The Lewiston Journal says that the Androscoggin Mill has recently purchased in Boston and Lowell, about 800 bales of cotton. This will, the previous stock furnishes this mill with cotton sufficient to run not far from six months. The Bates Mill have recently received about 500 bales.

Horace Brown of Hampden, 2d Lieutenant in company A, Second Maine Regiment, has received the appointment of 1st Lieutenant in the regular army. At the Bull Run battle he was a corporal in company A.

Lieutenant E L Appleton of this city has been promoted from Second to First Lieutenant in the regular army.

AN EXCELLENT APPOINTMENT. We are pleased to hear that Dr James H Thompson of Orono has received the appointment of Assistant Surgeon in the Twelfth regiment. Dr Thompson is a young man of excellent character and reputation, and a physician of decided ability. The appointment is a good one.

MEETING TO WORK FOR THE SOLDIERS. Mr Editor—The gatherings at the City Hall, the two past week, were very small for a city like this. It does seem that every lady would not only feel it her duty, but a privilege to meet once a day in a week, to assist in making garments for the comfort of our soldiers.

Government, it is true, provides as fast as possible, but we desire more particularly to furnish comforts for the sick and wounded, by sending them cotton flannel shirts, sock gowns, drawers, stockings, sheets, pillows, &c.

Yarn will be furnished at the Hall to those who wish to knit mittens with a fore finger.—Many pairs are in progress now. We wish to appeal again to the ladies of Bangor, to aid either by sewing, or contributing materials, such as cotton flannel, unbleached cotton, calico, yarn, etc. It does seem that the least we who are enjoying the comforts of home and friends can do, is to look after the physical condition of the troops, on whose health, bravery and endurance, the interests of our country now so largely depend.

We would also add that in compliance with the earnest appeal of those who are charge of the sick, that ladies prepare to make up a box at the City Hall, of Hospital stores [illegible]

stores. Our ladies have responded nobly heretofore; still may they "weary not in well doing." We hope to see a large gathering on Thursday at the Hall. It is a very comfortable room for the purpose, being light and well heated. As the days are quite short, we propose to meet at 9 o'clock a. m.

SPECIAL NOTICES.

DR. WOLFF

Finding it impossible to leave a large and increasing list of patients at Calais, hereby informs his friends in Bangor that he will be obliged to defer his visit to the first of December, at which time he will be pleased to attend to them. nov13

1861—Spring & Summer—1861 CLOTHING.

GENTLEMEN

Having studied for years the fortunes of Tailors doing a credit business, and having myself proved that system to be utterly wrong for the Retail Tailoring business, I feel compelled to adopt the CASH SYSTEM. It is better for the customer who expects to pay for his garments as the amount lost by bad debts, under the credit system, is divided between the patrons and the patronized, as the former receive it by paying as much as 20 per cent. less for their garments, and the latter is saved from bankruptcy. Consequently I would invite all Cash paying customers to examine the Stock of Goods now on hand, and see if the prices are not 20 per cent. less than at any other Clothing House in the city. The Cutting Department is under the charge of

Mr. J. H. LARKIN,

favorably known in New York and Boston as one of the Best Artists in the Art of Cutting.

ALL

Garments made at my establishment warranted to give entire satisfaction, and in any style to suit customers.

CARD.

DR. I STRICKLAND, having returned, will be happy to see all who may need his services, at his old place, 34 Main Street, Bangor.

ALL PHYSICIANS AGREE

That large and frequent doses of nauseous alcoholic compounds taken into the stomach from time to time must have a tendency to destroy the healthful tone of that vital organ of the human system and it is well known to all the medical profession that the active principle of a gallon of liquid medicine can be placed in a table spoonful. Why then, the use of giving large and nauseous draughts? The erroneous idea that the more nauseous the medicine the more potent its effects is now discarded by all and it has been indisputably proved beyond doubt that Bryant's Pulmonic Wafers—a medicine of the most agreeable and palatable nature—are the most effectual remedy for Coughs, Colds and their consequences. They invariably give relief in ten minutes, and are so pleasant to the taste that any child will take them.

Price 25 cents per box. For sale by B F BRADBURY Wholesale and Retail Agent.

TO HORSE OWNERS.

DR. SWEET'S INFALLIBLE LINIMENT FOR HORSES, is unrivalled by any and in all cases of lameness arising from Sprains, Bruises or Wrenching, its effect is magical and certain. Harness or Saddle Galls, Scratches, Mange &c. it will also cure speedily. Spavin and Ringbone may be prevented and cured in their incipient stages, but confirmed cases are beyond the possibility of a radical cure. No case of the kind however, is so desperate or hopeless but it may be alleviated by this Liniment and its faithful application will always remove the lameness, and enable the horse to travel with comparative ease. Every horse owner should have this remedy at hand, for its timely use at the first appearance of lameness will effectually prevent those formidable diseases mentioned, to which all horses are liable and which render so many otherwise valuable horses nearly worthless.

See advertisement.

TO THE PUBLIC.

Numerous imitations of the STEWART STOVE having appeared in the market during the past few years, and, of late, attempts having been made to counterfeit the name or trade mark, it is deemed highly important that the public should know how to distinguish the genuine article when making purchase of a stove.

Ask for the genuine P P STEWART Stove, and see that P P STEWART'S name is on the hearth-plate of each Stove. The names of the only manufacturers, Fuller, Warren & Co., are on each Stove.

BEWARE OF COUNTERFEITS. For sale in Bangor only by ALBERT NOYES, No. 21 and 23 Central St.

Card Printing.

BUSINESS CARDS, VISITING CARDS, WEDDING CARDS,

Printed in good style and at short notice, at the Whig and Courier Office, No. 1 Bowman's Block, Kenduskeag Bridge.

A good assortment of Cards and Card Stock constantly on hand.

A FRIEND IN NEED. TRY IT. DR. SWEET'S INFALLIBLE LINIMENT is prepared from the recipe of Dr Stephen Sweet of Connecticut, the great bone setter, and has been used in his practice for the last twenty years with the most astonishing success. As an external remedy it is without a rival, and will alleviate pain more speedily than any other preparation. For all Rheumatic and Nervous Disorders it is truly infallible, and as a curative for Sores, Wounds, Sprains, Bruises, &c., its soothing, healing and powerful strengthening properties, excite the just wonder and astonishment of all who have ever given it a trial. Over four hundred certificates of remarkable cures, performed by it within the last two years, attest this fact. See advertisement.

The Regular Meetings of the Joint Standing Committee on Accounts and Claims will be holden at the Aldermen's Room City Hall on FRIDAY before the first Monday of each month at 2 o'clock P M.

CHARLES SAWTELLE Chairman

April 29 1861 tf (Times)

ANOTHER CURE—The following card from a well known citizen explains itself.

MR EDITOR—Dear Sir. Dr Lighthill this day operated on the eye of my niece, Miss Harriet Humphrey of Hampden. The operation which was highly successful and satisfactory to the patient and her friends consisted in the removal of a large tumor (technically known as complete staphyloma) from the eye-ball of the patient. The operation was performed at my residence No. [illegible] Centre street in this city. Very Respectfully

S JACKSON, Exchange street Bangor

TELEGRAPHIC

TO THE

Daily Whig and Courier.

[Dispatches to the Evening Papers.]

Rebels Withdrawing from Lower Potomac—Great Excitement at Norfolk—The Wrecked French Steamer Corvette—Capture of the Pirate Sumter—She mistakes a Gunboat for a Merchantman—Officers and Crew Prisoners on board the Niagara.

PHILADELPHIA, 11th

Despatches to the Enquirer from Fortress Monroe states that three fishing smacks took refuge under the guns of the Cumberland. The captains are Baltimoreans who reported that they had been fishing in James river, supplying the rebel troops. When they left, a report was current that Charleston had been attacked. They state that on Friday last, several rebel regiments were sent from James and York rivers. The embarkation took place in great haste.

NEW YORK, 12

A new rebel battery has been erected opposite Maryland Point at Aquia Creek, compelling our flotilla to move further down.

The Tribune's despatch says that several rebel batteries on the Lower Potomac have been withdrawn. Reconnoitering parties sent out within the past thirty six hours, report the rebels rapidly retreating.

The World's despatch says that the President will not pardon Capt Gordon, the slaver.

Gen McClellan has reorganized the spy department, and now regularly receives reliable information of the enemy's strength and movements.

PORTLAND, 12th

Bark C B Hamilton, Captain Chase at this port yesterday, reports off Charleston 2d inst passed eight war and transport steamers and eight sailing vessels, including the Great Republic. The steamers were heading westward and sailing vessels lying to, heading southward. The same day passed a disabled steamer with a frigate lying by, firing at her. It was supposed she was trying to sink her as she was in the track of homeward bound vessels. Captain Chase thinks the fleet must have had fine weather for landing on Monday.

FORTRESS MONROE, 11th

There is no intelligence as yet from the fleet. A flag of truce brought down the crew of the French corvette, Prouna, wrecked last Tuesday night, near Ocracoke Inlet, N C. She had no pilot and went ashore during the heavy weather. The crew, 100 in number all reached Norfolk via Charleston. They also bring a report of two rebel batteries at Port Royal, having been taken by our troops, but nothing more.

The gunboat Dawn arrived here today from Washington, having successfully run the blockade. Thirty two shots were fired at her.

BALTIMORE, 12th

The Old Point boat brings little news. Another flag of truce was sent to Norfolk yesterday and brought down reports that after the capture of the batteries, the rebels fell back to Beaufort where a desperate struggle took place. There is a terrible excitement at Norfolk.

NEW YORK, 12th

Some time during Saturday night and yesterday morning the Winstead Bank, located at Winsted Conn, was burglariously entered and robbed of $58,000, which the thieves made good their escape.

BALTIMORE, 12th

It appears that the wrecked French steamer was the Prouna, a six gun steamer.

The Custom House in Norfolk is reported to have been burnt on Sunday night, with large amounts of stores.

SAN FRANCISCO, 11th

Benj Stark has been appointed U S Senator from Oregon. He is a native of Connecticut—Politics—Peace Democrat.

Sailed—Steamer Sonora, Panama, with 150 passengers and $970,000 treasure.

BALTIMORE, 12th

We learn the following particulars in reference to the wreck of the French corvette.

Seeing her dangerous position, a small boat with an offer of assistance, was sent from steamer Albatross off Hatteras, but assistance was refused.

It is now stated that the French officers complain of not having been properly treated, and refused civilities tendered them at Fortress Monroe.

It appears the wreck was blown up to prevent the arms and munitions from falling into the hands of either of the belligerents.

Reports are given as received, there being no opportunity to make corrections.

WASHINGTON, 12th

A family letter has been received here dated Oct 21th on board the frigate Santee off Galveston confirming the report of the capture of the pirate Sumter. The writer says she was caught in her own trap, having, it seems, mistook one of our gunboats for a merchant vessel, and started in pursuit. When the gunboat had drawn her out far enough, she turned and run her ashore. Her officers and crew are prisoners on board the Niagara.

PHILADELPHIA, 12th

The Inquirer has the following from Fortress Monroe, derived from rebel sources:

In anticipation of the arrival of the great Expedition, the rebels had been engaged in erecting batteries upon a point at Hilton's Head and opposite the neck of land. The principal fortification at Hilton's Head was denominated Fort Walker, it is situated on low land, and is partially concealed by trees and underbrush. Adjoining it were other batteries of smaller size but so connected as to prove a formidable bar to the entrance of vessels. Fort Beauregard was of considerable importance, having been mounted with heavy guns.

The garrisons are believed to have been South Carolina regiments, with several additional regiments sent from Richmond.

The batteries at Bay Point opposite Hilton's Head, were equally formidable. Inside of Port Royal entrance behind the batteries, lay the fleet of Commodore Tatnall, consisting only of small vessels carrying a few heavy guns, but principally small ones. Tugs constituted the great portion of their fleet. Many of these remained outside the mouth of the entrance until the arrival of our fleet, when they formed in line of battle behind the guns of their own forts and across the entrance, on the morning of Thursday.

On Tuesday last the U S fleet consisting of 42 vessels headed by the flag ship approached the mouth Port Royal. Several of the transports remained off the coast. The approach of the fleet created great stir in the batteries.

Upon arriving at a suitable position, the guns of the fleet opened a continuous fire upon forts Walker and Beauregard, as well as those upon a point. Under cover of this fire an effort was made to run the gauntlet of the batteries. The result was eminently satisfactory. A number of the vessels passed through the shot and shell from the shore batteries with very trifling injury. At last fifteen succeeded in passing up beyond reach of the land batteries. As the Union fleet sailed up, the mosquito fleet of Tatnall opened fire, but seeing the impossibility of making any resistance, soon dispersed. Some were forced to run on the shore, while others were driven up inlets until almost out of sight—Commodore Tatnall went on shore with his men, to assist in working the batteries, and use them against other vessels of the Union fleet which were endeavoring to follow the advance force.

The passage of the vessels through the channel was not accomplished until the firing continued from half past nine in the morning to nearly five in the afternoon.

During the fight one of the Union gunboats was believed to have been burnt and three steamers disabled. It is acknowledged by the enemy that they had 20 men killed in Fort Walker, but it is impossible to state what their loss was at the other batteries. It was, doubtless, very great, as our fire is mentioned as very effective, the guns being well aimed and of heavy calibre. No sooner did our vessels pass the batteries of Fort Royal entrance and glide into the broad river than they made for the mouth of the inlet leading to Beaufort, Savannah and Charleston. These were immediately blockaded, though not in time to prevent the escape of some small rebel vessels. Not one Federal vessel was sunk, and only one gunboat burned as above. Her burning was a grand spectacle, the guns going off as the flames reached them, throwing shells far into the woods on shore.

The crew are said to have passed through a murderous fire to another vessel, with little, if any loss. The Union vessels acted under special instructions in at once blockading the inlets leading to two important points. While a portion of the fleet did this, four ships made for Beaufort, and at 6 o'clock Thursday, these vessels were in sight of the town.

A dispatch from Beaufort, of the 7th inst, to the Charleston Mercury, says the Union forces were preparing to effect a landing evidently with the design of throwing up intrenchments, and attacking the town.

There is no means of knowing the loss of the Union forces—but the rebels confess their own firing to have been very bad. They declare, however, that the guns in their forts were not properly handled. When Tatnall went to assist the men in the forts, he found many of the guns in the fort actually dismounted by their own rebound. To this fault, the rebel journals attribute their defeat, and call loudly in the rebel Government to find out where the blame rests.

The Charleston Mercury of the 8th says—In the promiscuous chase they seem to have driven Commodore Tatnall's mosquito fleet up the creek leading to Savannah, and cut off all water communication with Charleston by hermetically sealing Skull Creek. Although the Yankees have made no landing it is yet certain they have made some progress, and it behooves us immediately so send such reinforcements as may be needed to checkmate any movements they may make towards gaining even the smallest foothold on our soil. If the invaders can take Charleston with 25 000 men let them have it, we are unworthy to possess it, and it will be a fit memorial, if laid in ashes, of our own imbecility.

A despatch to the Charleston Mercury from Hendersonville 7th, 9 p m, says the practice of our artillerists at Hilton's Head has been very bad, hence the successful passage of seven of the enemy's men of war. The transports are still outside. The loss on our side thus far is slight, and the troops are in good heart. The firing of the Yankee war vessels was very accurate. Hilton's head and Bay Point received the brunt of the attack. Our failure to sink any of the vessels which passed our batteries, is owing to the poor practice of our artillerists. The enemy's ships which passed our batteries can be distinctly seen from Beaufort. Forts Walker and Beauregard are still firing. The Federals lost one gunboat, which was burned.

Shells can be seen from here bursting in the woods. Our lines of communication are completely cut off, unless more troops are sent here with artillery and cavalry. Four ships are now in sight over the land and up as far as Skull Creek. There is reason to believe that the enemy are making preparations to land a large force at Hilton tonight or tomorrow morning.

PHILADELPHIA, 12th

The Enquirer's special Fortress Monroe despatch says the Union men of East Tennessee have burned numbers of railroad bridges, and tore down the telegraph wires to prevent the transportation of troops. One bridge, 200 feet span, was destroyed on Saturday morning last, on the East Tennessee railroad. Four structures on the line of Knoxville one entirely destroyed. A very heavy wooden bridge at Charleston, Bradley County, Tenn was destroyed by fire on Friday evening. Charleston is 75 miles south west of Knoxville, and contains 300 inhabitants.

The rebel steamer Bermuda ran the blockade at Savannah on the night of the 2d, being towed out by the steamer Huntress. She was loaded with 2000 bales of cotton for Liverpool.

LATEST NEWS.

A Glorious Victory —IN— KENTUCKY.

FIGHT LASTS TWO DAYS

400 REBELS KILLED

1000 Prisoners Taken.

Two Rebel Generals Captured.

The Federal Loss Small.

FROM WASHINGTON.

Federal Troops Sent to Mathias POINT.

Reception of Massachusetts Troops in NEW YORK

BARBAROUS TREACHERY of the Rebels at Guyandotte

LATER FROM EUROPE.

CINCINNATI, 12th

General Nelson met the rebels under General Williams at Pikeville this county, Kentucky, on Friday last and gained a glorious victory.

Second Despatch—Col. Luke Moore attacked the rebels in the rear with 3800 men, while Col Harris of the 2d Ohio regiment, with 600 men, attacked them in the front. Col Harris fell back and Col. Moore pressed them forward until the enemy were brought into the midst of General Nelson's Brigade, when our forces pressed them on all sides killing 400 and taking 1000 prisoners. The balance scattered in all direction. The Federal loss is small.

LEXINGTON, Ky, 12th

A Courier from Gen Nelson's brigade with despatches for Gen Thomas, reports that the fighting at Pikeville lasted two days. The rebels lost 400 killed and 1000 prisoners.

WASHINGTON, 12th

From officers who have arrived here, it is ascertained that a reconnoissance in force, 16,000 men was made at an early hour this morning in a south west direction from Alexandria.

Two hundred rebels arrived near Acotink yesterday, from the main body of their army.

The Coeur de Lion returned to the Navy Yard from the flotilla. She reports affairs unchanged down the river.

The Page still harbours in Quantico Creek—She may be seen from Bud's Ferry.

Three schooners ran the blockade in open day yesterday. They came abreast of rebel batteries at 11 o'clock in the morning, when a fire was opened upon them. They sailed slowly up the Swash Channel by the Maryland shore, and although 48 rounds were fired at them, all three escaped uninjured. Most of the shells were fired apparently from rifled guns, and struck on the Maryland shore.

NEW YORK, 12

Special despatches from Washington say that Federal troops have been sent to Mathias Point to clear it of woods and bushes, and to make a reconnoissance.

Chief Justice Taney has postponed the Baltimore treason cases to April. He intimates the question will be fully considered by the Superior Court this winter.

The reconnoissance in force today in the direction of Acotink and Pohick Church, was by General Heintzleman's division.

Gen Montgomery has been ill, but was better today.

Colonel Kurtz's 23d Massachusetts regiment arrived late, owing to the detention of steamer Metropolis. They were received by over 200 Sons of Massachusetts, and escorted to barracks, where, owing to a part of their baggage being left behind, they will quarter until tomorrow noon.

The officers dined at the Astor House, where some 2000 Sons and Daughters of Massachusetts sat down to well laden tables.

Col. Howe presided, and the welcoming address by Rev Dr Osgood, was responded to by Col Kurtz.

Other speeches were made by Gen. Burnside, Walbridge and Wilson, Col Brown of Gov Andrew's staff, Col Hathaway, Barrow, Adjutant Chas beg who was toasted as printer, soldier of Massachusetts, and who appears to be the pet of the regiment, and other distinguished persons.

The affair was most happy and enthusiastic. After dinner the regiment formed and marched up Broadway to pay a salute to the wife of President Lincoln, who was stopping at the Metropolis.

Broadway was lined with enthusiastic applauders, and gave as hearty an ovation as was ever given to any regiment in this city.

This evening Gov Andrew arrived at Colonel Howe's residence, where he was serenaded by Col Kurtz and officers.

Tomorrow the regiment will be escorted by a large procession of Sons of Massachusetts, who will be accompanied by Gov Andrew and Col Brown, and Col Hour and his staff.

CINCINNATI, 12th.

The battle at Pikeville lasted Friday and Saturday. The victory was complete. Gen'ls Williams and Hower are among the prisoners.

Advices from Kanawha state that the rebels who had been shelling the camp at Tompkins's Ferry from Cotton hill had retired upon the approach of a force under Col DeVilliers. Nine of the enemy's pickets were killed, but there was no loss on our side.

Col. DeVilliers has taken possession of the hill.

The defeat of Union forces at Guyandotte was accompanied by treachery on the part of inhabitants.

It seems that a force of rebel cavalry variously estimated at from 500 to 1000, had concentrated in the country back of the town. These proposed, with assistance of the rebel inhabitants of Guyandotte, to annihilate the federal forces in town. This force consisted of 250 men of a Virginia regiment, and of a few of Col Ziegler's Va. cavalry.

It was arranged between the rebel cavalry and rebel citizens to massacre our troops in cold blood. Accordingly, rebel citizens were very kind to the troops last Sunday evening, and invited them to their houses on various pretexts, and all who were off duty accepted the invitation. While they were being entertained, at 8 1-2 o'clock at night, the rebel cavalry dashed into town, signals were displayed from every rebel window and door, and as the Federals rushed, overtaken... The rebel citizens, men, women cavalry in the slaughter. The federals in camp prepared as soon as possible for defence, but were overpowered and had to break. Very few of our men were killed in the engagement with cavalry, nearly all being wounded in the houses when Col. Ziegler arrived, and on learning the particulars of affairs he ordered the destruction of the town, buildings were immediately fired and the whole town is now in ashes.

BALTIMORE, 12th.

The following additional particulars are from the Charleston Mercury of the 8th.

"The fleet appeared off Broad river between 9 and 10 o'clock Thursday morning, and under cover of seven—one account says fifteen—steamers, the whole of the fleet, passed the batteries on Hilton's Head and Bay Point into Broad River, out of range of the batteries.

One account says one of the Federal vessels was crippled. Another account makes no mention of any disaster.

The rebels report their loss in the batteries as slight.

The steamers had closed up the mouths of all the creeks, cutting off communication with Beaufort, and driven Tatnall's fleet towards Savannah.

A despatch dated Hendersonville, 9th, 9 P M, attributes the bad success of the rebels to the ill practice of their artillerymen, and says they failed to sink any of the federal vessels as they passed the batteries.

NEW YORK, 12th.

Advices from the frigate Niagara to the 24th of October say nothing about the prisoners from the privateer Sumter. The reported capture is likely untrue.

NEW YORK, 12th.

The French steamer Catinel left here at noon today for the scene of casualty to her consort.

NEWARK, N J, 12th.

A letter from Provost Judge Freese of Alexandria appears in this afternoon's Advertiser, in which he says if Government will allow him to follow out his course he will undertake to collect one third of the one hundred and fifty millions due us from the South without doing injustice in a single instance.

PHILADELPHIA, 12th.

A special dispatch to the Inquirer says a privateer and two schooners in Swan Gun Inlet were burned on the night of the 4th, by boats from gunboat Tuscarora, stationed at Chincoteague.

The Warrior and Revenge stood out of Portland harbor yesterday, and it is reported they are going to cruise for a fortnight on the coast of Ireland.

CAPTAIN NATHANIEL GORDON. The telegraph brings news that Capt Nathaniel Gordon, master of the slaver Erie, was convicted in New York on Saturday. Capt Gordon is a native of this city.—*Portland Adv.*

OFF IN A HURRY. Saturday evening before the departure of the 10th Regiment one of our citizens took his pot of beans from home to carry to the baker's, but failed to come back. Sunday afternoon his wife received a bundle containing the clothes he wore away, with a message that her husband was on his way to Washington having enlisted under Col Beal. When he comes back he will probably bring his pot of beans with him.—*Portland Adv.*

PRIZE CAPTURED. A letter from on board the U S sloop of war Preble, Commander French, states that the U S gunboat South Carolina, Commander Allen captured a schooner on the 16th of October, which had just left Mobile with a cargo of spirits turpentine. The schooner afterwards went ashore in a gale, and her cargo was discharged and transferred to the storeship Nightingale, which has since arrived at New York.

MEDICAL NOTICE.

DRS DEMING BROTHERS, Medical Electricians,

FROM PROVIDENCE, R. I., would respectfully announce to the citizens of Bangor and vicinity that we have taken a suit of Rooms at 2 Strickland's Block on Kenduskeag Bridge, where we shall remain through the winter. Drs D have been in Augusta, Me., for the last 8 months, where we have done a very successful business. We have a large variety of Certificates and Testimonials from citizens and others which we shall be happy to show to persons calling at our rooms.

We shall give a Course of Lectures and Experiments of which due notice will be given.

We would especially invite the afflicted that are laboring under any old and inveterate Chronic Diseases in the form of scrofula, Diseases of White Swelling, Erysipelas, Salt Rheum, Tetter, Rash and every Humor of whatever kind or character, likewise Spinal Diseases, Curvatures, St. Vitus' Dance, Fits, Paralysis, contractions, Distorted Limbs, Dyspepsia, Liver Complaint, General Debility, Habitual Constipation, &c. We would likewise call the attention of the public to our peculiar and successful manner of curing

Consumption,

in every instance when in the acute stages or when the lungs are not fully involved.

The most obstinate cases of nervous or sick Headache, Neuralgia in the head, face and extremities with acute and chronic Rheumatism are instantly relieved and permanently cured in a few applications.

Drs D. were the first physicians in this country who successfully treated and cured spasmodic Asthma, Bronchitis, Strictures of the Chest and Pulmonary Consumption, with Electricity. In which they invented

The Dynamic Apparatus,

for examination in chest diseases, whereby he is enabled to point out the exact locality and degree of disease with perfect accuracy, and in all chest diseases will arrest the cause and restore the patient. They have reduced electricity to concise rules and will extirpate Cancers, Tumors and extract Teeth without pain. The machines and instruments which he uses are made to his own order, for medical purposes only. They give no shocks to the patient, but impart a fine current which is steady and a sensation which is agreeable and invigorating.

To the ladies Drs. D. most especially call who are sufferers with Dropsy, Debility, Leuchorea (or Whites) inflammation and Falling of the Womb, Abscesses, Tumors and Cancers of the Womb, and will guarantee a permanent cure in every case.

For Suppressions, Irregularities, painful Menstruations, Neuralgia of the Womb, with all their entailing ills, there is no agent in the world, so efficient in curing as Electricity. In many cases serious obstructions can be broken up in a few moments, and in every case it destroys the tendency to relapse.—To all those desiring PERFECT HEALTH and the services of the oldest Medical Electricians in the United States we most respectfully invite to call tendering to all a positive assurance of a full recovery of health.

During the past sixteen years Drs D. have treated of Falling of the Womb alone, upwards of 10 000 cases, many from this and the adjoining cities and towns, and will give Fifty Dollars in every case where we have failed to cure.

During our stay in town, in treating the most malignant of diseases and the most shattered constitutions, and deformities, patients will realize the happiest results anticipated, and we still feel anxious that all who suffer (with whatever disease) may receive the benefits of this most potent of all medical agents.

Having spent much time in perfecting the Electro Dynamic apparatus for the treatment of disease and adapted an instrument to every organ of the system, as the eye, ear, nose, tongue, etc, for cataract, deafness, catarrh and stammering, seminal weakness, etc, they will guarantee a perfect cure in nearly every case, if after an examination pronounced curable.

P S.—Drs D. first introduced electricity for extracting teeth without pain.

To those having decayed teeth or stumps or desiring their teeth out for resetting, we extend a polite invitation. During the operation the person experiences a pleasing invigorating sensation.

N B.—for extracting Minerals and Humors from the system we use electro chemical Baths.

Office hours from 8 to 12 A. M. 1 to 6, and 7 to 9 in the evening. Consultation Free.

P S.—Our Rooms will be open for callers on TUESDAY, the 12th of November. nov8

ARMY REGULATIONS, Revised Edition, for sale by D. BUGBEE & CO.

LATER.

ORDER FROM THE SECRETARY OF STATE CONCERNING PASSES.

The Union Feeling Gaining in Europe.

Reconnaissance in Force by Gen. Heintzleman's Division.

WASHINGTON, 12th

The Secretary of State today issued the following order:—

"Circumstances which have recently occurred render it necessary to report a previous regulation that no person whether a citizen or a foreigner, will be allowed to pass the lines of the United States army in any direction without a passport signed or countersigned by the Secretary of State. If any person shall attempt so to pass, he will be liable to arrest and detention by military authority.

(Signed,) WM H SEWARD, Sec'y of State."

It has been ascertained on application at the State Department today, that such passes will only be issued to persons on business for the Government of the United States.

Quartermaster General Meigs has invited proposals to be received by U S Quartermaster at Philadelphia until Nov 14 for furnishing goods for army clothing. Each proposal must be accompanied by samples of light or dark blue cloth as prepared and light greys will not be condemned. This looks to the reclothing of an army of 400,000 to 600,000 men thus affording encouragement to manufacturers, and necessarily involving an expenditure of millions of dollars.

The official advices from Europe, just received show a strengthening of the belief in the restoration of the Union and increased confidence that the Administration will be able to re-establish its authority, and especially gratifying in these respects is the news from England.

CHICAGO, 12th

The report of the receipt of New Orleans papers mentioning a fleet off Ship Island, was taken by the Cairo operator from a rumor. He says now he has no news of the arrival of the fleet there.

WASHINGTON, 12th

Six regiments of Infantry, two batteries and three companies of Cavalry under command of Gen Heintzelman made a reconnoissance today as far as Occoquan Creek, 20 miles from Washington and 18 from Alexandria.

They started at 4 o'clock in the morning, and returned late this evening. The entire force first went to Pohick Church and there divided, a portion taking the telegraph road to Burke's station on the Orange and Alexandria Railroad, and the other the road to a point on Occoquan Creek, about three miles from the Potomac.

The latter crossed Pohick and Acotink Creek and reached Occoquan without meeting any opposition.

Capt. Todd's company of Lincoln cavalry which was with the party that went in the direction of Burke's Station, was sent out to make a reconnoissance in advance of the infantry.—When several miles from the other part of the division, they were suddenly surrounded by a large party of rebels who had been concealed in the woods. Their only hope was therefore was in cutting their way through. A skirmish ensued and the cavalry lost 1 with the loss of 3 killed, 1 wounded and taken prisoners including in the last named, it is supposed Captain Todd, who had ventured at most a quarter of a mile in advance of his company.

The object of the reconnoissance having been accomplished, General Heintzleman ordered the troops to fall back to their encampment.

Last night 300 rebel cavalry remained at Pohick Church, but left before the arrival of Heintzleman's force today.

AYER'S CATHARTIC PILLS.

Are you sick, feeble, and complaining? Are you out of order, with your system deranged, and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Pills, and cleanse out the disordered humors—purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and obstructs its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, oppressed by the derangements, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-seated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly, and many of them surely, cured by the same means. None who know the virtues of these Pills, will neglect to employ them when suffering from the disorders they cure.

Statements from leading physicians in some of the principal cities, and from other well known public persons.

From a Forwarding Merchant of St. Louis, Feb. 4, 1856.

DR. AYER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her.

ASA MORGRIDGE.

As a Family Physic.

From Dr. E. W. Cartwright, New Orleans.

Your Pills are the prince of purges. Their excellent qualities surpass any cathartic we possess. They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment of disease.

Headache, Sick Headache, Foul Stomach.

From Dr. Edward Boyd, Baltimore.

DEAR BRO. AYER: I cannot answer you *what* complaints I have cured with your Pills better than to say *all that we ever treat with a purgative medicine*. I place great dependence on an effectual cathartic in my daily contest with disease, and believing as I do that your Pills afford us the best we have, I of course value them highly.

PITTSBURG, Pa., May 1, 1855.

DR. J. C. AYER. Sir: I have been repeatedly cured of the worst *headache* any body can have by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once.

Yours with great respect, ED. W. PREBLE, *Clerk of Steamer Clarion.*

Bilious Disorders—Liver Complaints.

From Dr. Theodore Bell, of New York City.

Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of *bilious complaints* than any one remedy I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people.

DEPARTMENT OF THE INTERIOR, Washington, D. C., 7th Feb., 1856.

SIR: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of *bilious disease* so obstinate that it did not readily yield to them. Fraternally yours, ALONZO BALL, M. D., *Physician of the Marine Hospital.*

Dysentery, Diarrhœa, Relax, Worms.

From Dr. J. G. Green, of Chicago.

Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses for *bilious dysentery* and *diarrhœa*. Their sugar-coating makes them very acceptable and convenient for the use of women and children.

Dyspepsia, Impurity of the Blood.

From Rev. J. V. Himes, Pastor of Advent Church, Boston.

DR. AYER: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends. Yours, J. V. HIMES.

WARSAW, Wyoming Co., N. Y., Oct. 24, 1855.

DEAR SIR: I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and *purify the fountains of the blood*. JOHN G. MEACHAM, M. D.

Constipation, Costiveness, Suppression, Rheumatism, Gout, Neuralgia, Dropsy, Paralysis, Fits, etc.

From Dr. J. P. Vaughn, Montreal, Canada.

Too much cannot be said of your Pills for the cure of costiveness. If others of our fraternity have found them as efficacious as I have, they should join me in proclaiming it for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe *costiveness* to originate in the liver, but your Pills affect that organ and cure the disease.

From Mrs. E. Stuart, Physician and Midwife, Boston.

I find one or two large doses of your Pills, taken at the proper time, are excellent promotives of the *natural secretion* when wholly or partially suppressed, and also very effectual to *cleanse the stomach* and *expel worms*. They are so much the best physic we have that I recommend no other to my patients.

From the Rev. Dr. Hawkes, of the Methodist Epis. Church.

PULASKI HOUSE, Savannah, Ga., Jan. 6, 1856.

HONORED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating *neuralgic pains*, which ended in *chronic rheumatism*. Notwithstanding I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them I am now entirely well.

SENATE CHAMBER, Baton Rouge, La., 5 Dec. 1855.

DR. AYER: I have been entirely cured, by your Pills, of *Rheumatic Gout*—a painful disease that had afflicted me for years. VINCENT SLIDELL.

☞ Most of the Pills in market contain Mercury, which, although a valuable remedy in skillful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.

Price 25 cents per Box, or 5 Boxes for $1.

Prepared by Dr. J. C. AYER & CO., Lowell, Mass.

Ayer's Sarsaparilla.

GARDINER'S Rheumatic and Neuralgia COMPOUND.

A certain, safe and permanent cure for Rheumatism, Neuralgia and Salt Rheum. It is an internal remedy, driving out and entirely eradicating the disease, requiring no change in diet or business, and may be taken by children and persons of the most delicate constitutions with perfect safety.

TESTIMONIALS.

"Gardiner's Rheumatic & Neuralgia Compound" is the best medicine for the disease I ever saw.

CHAS. A. SMITH, No. 1 Old State House, Boston.

After suffering with Rheumatism twenty years, and being confined to my bed several weeks last spring, I was entirely cured by the use of one bottle of "Gardiner's Rheumatic & Neuralgia Compound."

NORMAN T. AYERS, 75 Franklin-st., Boston.

Having been a constant sufferer from Neuralgia for eighteen months, and been driven by excruciating pain to the trial of numberless remedies without obtaining relief, I was induced to try "Gardiner's Rheumatic and Neuralgia Compound. I have taken but one bottle and am entirely well—D. D. BAXTER, Dry Goods Dealer, No. 5, Appleton Block Lowell, Mass.

I have been afflicted with Salt Rheum in its worst form for a long time, and suffered more than can be imagined, except by those similarly affected. I tried one bottle of your Compound, and can honestly say that I believe myself entirely cured. JOHN A. MORSE, Pearl-street House, Boston, Mass.

"Gardiner's Rheumatic & Neuralgia Compound" has entirely cured me of sufferings of several years' standing. W. E. HODGKINS, No. 1 Old State House, Boston.

My son, ten years of age, has been for three years a great sufferer from Salt Rheum, his hands covered with sores and in constant pain; one bottle of your Compound cured him. J. W. HAMMOND, 99 Milk-st., Boston.

"Gardiner's Rheumatic & Neuralgia Compound" has entirely cured me of Neuralgia. W. C. THOMPSON, Proprietor Pearl st. House, Boston, Mass.

One half a bottle of your Compound cured me of severe attack of Neuralgia. FANNIE S. THOMPSON, Pearl-st. House, Boston.

I certify that my friend, Wm. T. Glidden, Esq., presented me with a bottle of "Gardiner's Rheumatic Compound," in 1856, when I was suffering with a painful attack of Neuralgia and Rheumatism, and that it proved to be of decided benefit. ALBERT SMITH, Ex-Member of Congress from Maine.

The undersigned hereby certify that they have used "Gardiner's Rheumatic and Neuralgia Compound" for the cure of Rheumatism and Neuralgia and found in every case immediate and permanent relief. We have full confidence in its healing qualities, and would recommend it to all who are afflicted with these harassing diseases, as one of the safest and best medicines ever offered to the public.

PROF. WOOD'S [illegible] AND BLOOD RENOVATOR,

It is precisely what its name indicates, for while pleasant to the taste, it is revivifying, exhilarating and strengthening to the vital powers.—It also revivifies, reinstates and renews the blood in all its original purity, and thus restores and renders the system invulnerable to attacks of disease. It is the only preparation ever offered to the world in a popular form so as to be within the reach of all. So chemically and skillfully combined as to be the most powerful tonic, and yet so perfectly adapted as to act in perfect accordance with the laws of nature, and hence soothe the weakest stomach, and tone up the digestive organs, and allay all nervous and other irritation. It is also perfectly exhilarating in its effects, and yet it is never followed by lassitude or depression of spirits. It is composed entirely of vegetables, and those combined having powerful tonic and soothing properties, and consequently can never injure. Such a remedy has long been felt to be a desideratum in the medical world, both by the thoroughly skilled in medical science and also by all who have suffered by debility; for it needs no medical skill or knowledge even to see that debility follows all attacks of disease, and lays the unguarded system open to the attacks of many of the most dangerous diseases to which poor humanity is constantly liable. Such, for example, as the following: Consumption, bronchitis, indigestion, dyspepsia, loss of appetite, faintness, nervous irritability, neuralgia, palpitation of the heart, melancholy, hypochondria, night sweats, langour, giddiness, and all that class of cases so fearfully fatal if unattended to in time, called *female weaknesses and irregularities*. Also, liver derangements or torpidity, and liver complaints, diseases of the kidneys, scalding or incontinence of the urine, or any general derangement of the urinary organs, pain in the back, side and between the shoulders, predisposition to slight colds, hacking and continued cough, emaciation, difficulty of breathing, and indeed we might enumerate many more still, but we have space only to say it will not only cure the debility following chills and fever, but prevent all attacks arising from Miasmatic influences, and cure the diseases at once, if already attacked. And as it acts directly and persistently upon the biliary system, arousing the liver to action, promoting in fact all the excretions and secretions of the system, it will infallibly prevent any deleterious consequences following upon change of climate and water; hence all travelers should have a bottle with them, and all should take a table spoonful at least before eating. As it prevents costiveness, strengthens the digestive organs, it should be in the hands of all persons of sedentary habits—students, ministers, literary men. And all ladies not accustomed to much out-door exercise should always use it. If they will, they will find an agreeable, pleasant and efficient remedy against those ills which rob them of their beauty, for beauty cannot exist without health, and health cannot exist while the above irregularities continue. Then again the cordial is a perfect mother's relief. Taken a month or two before the final trial, she will pass the dreadful period with perfect ease and safety. *There is no mistake about it, this cordial is all we claim for it. Mothers, try it!* And to you we appeal to detect the illness or decline, not only of your daughters, before it be too late, but also your sons and husbands, for while the former, from false delicacy, often goes down to a premature grave rather than let their condition be known in time, the latter are often so mixed up with the excitement of business that if it were not for you they too would travel in the same downward path, until too late to arrest their fatal fall. But the mother is always vigilant, and to you we confidently appeal; for we are sure your never failing affection will unerringly point you to Prof. Wood's Restorative Cordial and Blood Renovator as the remedy which should be always on hand in time of need. O. J. WOOD, Proprietor, 444 Broadway, New York, and 114 Market Street, St. Louis, Mo., and sold by all good Druggists.

☞ Price, One Dollar per bottle.

DR. SWEET'S Infallible Liniment!

—THE—

Great External Remedy

For Rheumatism, Gout, Neuralgia, Lumbago, Stiff Neck and Joints, Sprains, Bruises, Cuts and Wounds, Piles, Headache, and all Rheumatic and Nervous Disorders,

FOR all of which it is a speedy and certain remedy, and never fails. This Liniment is prepared from the recipe of Dr. Stephen Sweet, of Connecticut, the famous bone setter, and has been used in his practice for more than twenty years with the most astonishing success.

AS AN ALLEVIATOR OF PAIN it is unrivalled by any preparation before the public, of which the most skeptical may be convinced by a single trial.

This Liniment will cure rapidly and radically, RHEUMATIC DISORDERS of every kind, and in thousands of cases where it has been used, it has never been known to fail.

For NEURALGIA, it will afford immediate relief in every case however distressing.

It will relieve the worst cases of HEADACHE in three minutes, and is warranted to do it.

TOOTHACHE also will it cure instantly.

For NERVOUS DEBILITY and GENERAL LASSITUDE arising from imprudence or excess, this Liniment is a most happy and unfailing remedy.—Acting directly upon the nervous tissues, it strengthens and revivifies the system and restores it to elasticity and vigor.

FOR PILES.—As an external remedy, we claim that it is the *best* known, and we challenge the world to produce an equal. Every victim of this distressing complaint should give it a trial, for it will not fail to afford immediate relief, and in a majority of cases will effect a *radical* cure.

QUINSY AND SORE THROAT are sometimes extremely malignant and dangerous, but a timely application of this Liniment will never fail to cure.

SPRAINS are sometimes very obstinate, and enlargement of the joints is liable to occur if neglected. The worst case may be conquered by this Liniment in two or three days.

BRUISES, CUTS, WOUNDS, SORES, ULCERS, BURNS AND SCALDS, yield readily to the wonderful healing properties of *DR. SWEET'S INFALLIBLE LINIMENT*, when used according to directions. Also, CHILBLAINS, FROSTED FEET, and INSECT BITES AND STINGS.

Every Horse Owner

should have this remedy at hand, for its timely use at the first appearance of Lameness will effectually prevent those formidable diseases, to which all horses are liable, and which render so many otherwise valuable horses nearly worthless.

Over four hundred voluntary testimonials to the wonderful curative powers of this Liniment have been received within the last two years, and many of them from persons in the highest ranks of life.

CAUTION.

To avoid imposition, observe the signature and likeness of Dr. Stephen Sweet on every label, and also "Stephen Sweet's Infallible Liniment" blown in the glass of each bottle, without which none are genuine. RICHARDSON & CO., Sole Proprietors, Norwich, Ct.

[illegible]

AN equal and normal circulation of the blood is health. An abnormal, that is to say, an excessive or deficient circulation or stagnation of the blood, is disease. To illustrate—torpidity of the Liver is caused by stagnation of the blood in that organ; diseases of the Kidneys, inflammation of the Lungs, Diseases of the Heart, &c., by the same cause, viz: Improper Circulation; and from the same cause spring all minor forms of disease. To discover a certain cure, then, for these diseases, the first great enquiry necessarily is, What causes the blood to circulate?

For centuries it has been a matter of much study among scientific and medical men; and while many experiments have been made and much labor expended upon the enquiry, it has been left to this century among its other wonderful increase in knowledge, to make this grand discovery, also

Acknowledging that life is the gift of the Creator, and that, "in Him we live and move and have our being," we still venture the remark that as the planets move in their spheres and all vegetable life is governed by certain absolute laws, so animal life is traceable to a fixed cause, which remove or destroy, and death, the certain effect, follows.

Analysis of the red corpuscles of the blood show them to be compounds of iron, sulphur and phosphorus.

The air we breathe, we know to contain a very large proportion of oxygen.

Oxygen brought in contact with a metal evolves or emits electricity.

Electricity brought in contact with a muscular fiber, causes it to contract.

These facts being indisputable, we have now the solution as to the motor or motive power of the heart. The oxygen in the air we breathe coming in contact with the iron corpuscles of the blood emits electricity, which coming in contact with the heart causes it to contract, and hence the power which expels the blood and sends it tingling through the remotest arteries. What then are the causes of Consumption, Dropsy, Palsy, Paralysis, St. Vitus' Dance, Dyspepsia, Epilepsy, Fever and Ague, &c., a deficiency of the red corpuscles containing the iron, sulphur and phosphorus, which causes a deficiency of electricity, and consequently an abnormal circulation. The blood becomes watery, colds and bronchial complaints and prostration ensue—the sufferer becomes nervous, and subject to rheumatic pains and neuralgia—complaints of the liver and kidneys set in, in short, almost every type of disease but virulent fevers may be traced to this deficiency in the blood, of the corpuscles or red globules.

Old age causes a deficiency of corpuscles, and while we do not pretend to say that we have discovered the "elixir vitae," we do say that life can be materially prolonged by the use of the

"Blood Food,"

which restores the red globules, and thus the normal circulation. Consumptives! Friends of consumptives! Sufferers from any organic disease!! Unfortunates, who have by excess of the body or mind, reduced the standard of the blood and diminished the red globules. Ladies suffering any of the distresses known as female complaints, be persuaded the "Blood Food" can cure you. It has cured thousands of desperate cases where all hope has been given up. Do not reject it, do not throw away your only hope. The "Blood Food" is an unfailing remedy; give it a trial.

An elaborate treatise, carrying out and fully proving the theory advanced here to be correct, will be mailed to any interested party, on the receipt of two 3 cent stamps. Blood Food is sold by all druggists, or where it cannot be had I will send it bottles, free of expense, for $1. Price, single bottle, $1. It is put up in 8 oz vials, in yellow wrappers—the old kind, in small bottles, in red wrappers having been done away with—and bears the fac-simile signature of Church & Dupont upon the face of the wrapper. Beware of counterfeits and imitations.

C. T. DUPONT, Sole Proprietor,
409 Broadway, New York.

In Bangor by B. F. BRADBURY, W. L. ALDEN & CO., and A. P. GUILD.

THE ONLY PREPARATION

THAT HAS

Stood the Test of Years,

And grows more and more popular every day!

AND testimonials, new, and almost without number, might be given from ladies and gentlemen in all grades of society, whose united testimony none could resist, that Prof. Wood's Hair Restorative will restore the bald and gray, and preserve the hair of the youth to old age, in all its youthful beauty.

BATTLE CREEK, Mich., Dec. 21, 1858.

Prof. Wood—Thee wilt please accept a line to inform thee that the hair on my head all fell off over twenty years ago, caused by a complicated chronic disease, attended with an eruption on the head. A continual course of suffering through life having reduced me to a state of dependence, I have not been able to obtain stuff for caps, neither have I been able to do them up, in consequence of which my head has suffered extremely from cold. This induced me to pay Briggs & Hodges almost the last cent I had on earth for a two dollar bottle of thy Hair Restorative, about the first of August last. I have faithfully followed the directions and the bald spot is now covered with hair thick and black, though short. It is also coming in all over my head. Feeling confident that another large bottle would restore it entirely and permanently, I feel anxious to persevere in its use, and being destitute of means to purchase any more, I would ask thee if thee wouldst not be willing to send me an order on thine agents for a bottle, and receive to thyself the scripture declaration—"the reward is to those that are kind to the widow and the fatherless."

Thy friend, SUSANNAH KIRBY.

LIGONIER, Noble Co., Indiana, Feb. 5, 1859.

Prof. O. J. Wood—Dear Sir: In the latter part of the year 1852, while attending the State and National Law School of the State of New York, my hair from a cause unknown to me, commenced falling off very rapidly, so that in the short space of 6 months the whole upper part of my scalp was almost entirely bereft of its covering, and much of the remaining portion upon the side and back part of my head shortly after became gray, so that you will not be surprised when I tell you that upon my return to the State of Indiana my more casual acquaintances were not so much at a loss to discover the cause of the change in my appearance, as my more intimate acquaintances were to recognize me at all.

I at once made application to the most skillful physicians in the country, but, receiving no assurance from them that my hair could again be restored, I was forced to become reconciled to my fate, until, fortunately, in the latter part of the year 1857 your Restorative was recommended to me by a druggist, as being the most reliable Hair Restorative in use. I tried one bottle, and found to my great satisfaction that it was producing the desired effect. Since that time I have used seven dollars' worth of your Restorative, and as a result have a rich coat of very soft black hair, which no money can buy.

As a mark of my gratitude for your labor and skill in the production of so wonderful an article I have recommended its use to many of my friends and acquaintances, who, I am happy to inform you, are using it with like effect.

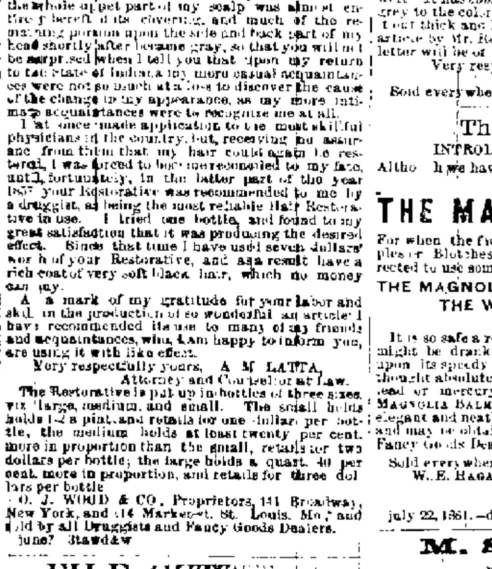

Very respectfully yours, A. M. LATTA, Attorney and Counsellor at Law.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small. The small holds ½ a pint, and retails for one dollar per bottle, the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for three dollars per bottle.

O. J. WOOD & CO., Proprietors, 444 Broadway, New York, and 114 Market-st. St. Louis, Mo., and sold by all Druggists and Fancy Goods Dealers.

Carriages Stored.

FOUR HUNDRED CARRIAGES can be stored at my Establishment, for which no charge will be made in case I repair them. B. N. THOMS, Harlow-street.

Dental Card.

Dr. J. K. Lincoln,
(Late of Augusta,)

DESIRING to avail himself of the course of instruction at the Theological Seminary in this city, and being under the necessity of devoting a part of his time to the practice of his profession, has taken the office lately occupied by Dr. J. W. Freese,

No. 3 Union Block, Main Street,
over Alden's Drug Store,

Where he will be happy to wait upon those desiring his professional services. Dr. Lincoln has engaged as an assistant,

MR. N. S. JENKINS, OF THIS CITY.

Ether or Chloroform administered to proper subjects, when desired. All operations performed in the most skillful and permanent manner. Perfect satisfaction given, or no charge. Office hours from 8 o'clock A. M. to 6 o'clock P. M.

TESTIMONIALS.

DR. J. K. LINCOLN.—Though we have not the pleasure of a personal acquaintance with the gentleman, yet we have reason to believe that he is a most skillful practitioner of the dental art. At least, he has made one old face in our house look young again, and has fitted, by art, a pair of jaws to masticate the food again which dame nature tho't to deprive of this privilege a little too soon. We think the work and composition of the two full sets of teeth he has inserted cannot be excelled any where. We regard his presence in our city as an acquisition—not only as an accomplished dentist, but as a gentleman of good public talents and of an excellent private character.

REV. W. A. DREW, in the *Rural Intelligencer.*

Dear Sir:—While Dr. Lincoln resided here I had frequent occasion, for myself and family, for his professional services. He gave entire satisfaction. I can cheerfully recommend him to those needing his aid. Very truly yours,

Augusta, Oct. 6, 1860. LOT M. MORRILL.

Dr. J. K. Lincoln, who has recently removed to Bangor, resided in this city for several years and I take pleasure in bearing testimony to his high reputation as a skillful and successful dentist.

JAMES W. BRADBURY.

Augusta, Oct. 1, 1860

☞ Dr. LINCOLN is permitted to refer to the following gentlemen in Bangor:—Rev. Dr. Pond, Rev. Mr. Farrington, Rev. Mr. Everett, Hon. Franklin Muzzy, Mr. J. S. Wheelwright, Mr. Wm. S. Dennett.

Apothecaries and consumers all testify that

It is the Only Reliable Article

FOR THE BALD AND GRAY.

Read the testimony from Kentucky

PADUCAH, KY., July 27, 1860.

MR. W. A. BELL.

Dear Sir,—I have used HEIMSTREET'S INIMITABLE HAIR RESTORATIVE, and am satisfied, from an experience in all other preparations for the like purpose, that *it is the only article ever before the public worth purchasing.*

Yours truly, JOHN G. DALY.

PADUCAH, KY., July 27, 1860.

MESSRS. W. E. HAGAN & Co., Troy, N. Y.

Gents.—Above please find statement of Mr. John G. Daly, a merchant of our city, in regard to HEIMSTREET'S INIMITABLE HAIR RESTORATIVE. This testimony is given after having used most of the preparations now before the public *claiming* to be Hair Restoratives, and *must be considered conclusive* as to the merits of the *Inimitable*. Am out of the large size. Forward by Railroad double the quantity we had before.

Very truly yours, W. A. BELL.

IT WILL RESTORE THE NATURAL COLOR OF THE HAIR,

where age or sickness has turned it grey, and it will render it soft and glossy.

"ANYBODY"

who may try it, will find that it does not color the skin, but by stimulating the natural secretions at the roots, gives new life and strength to the Hair, and thus restores its color and freshness. It can be used as freely as water upon the scalp, and with as much safety,—is composed of oil and stimulating spirits, and as an article for the toilet has no equal.

☞ Read this letter:

ST. LOUIS, MO., June 1st 1859.

MESSRS. W. E. HAGAN & Co.,

I hereby certify that my Hair having become *gray* and my head partially *bald*, I bought from Henry Reynolds, Druggist, one four oz. bottle of HEIMSTREET'S INIMITABLE HAIR RESTORATIVE. By its use my Hair was restored to its original color and thickness; it removed all dandruff, arrested its falling and gave it a rich glossy appearance. Its effects were entirely different from any Hair Preparation I ever used before. I know of several ladies and gentlemen, my intimate friends, who all speak of the "Inimitable" as being the best and cheapest Hair Preparation in our market. I can fully recommend it, and will refer any one to Henry Reynolds, Druggist, for the truth of my statements. WILLIAM BOSBYSHALL.

Read one of the many letters received by the Proprietors:

ST. LOUIS, MO., Aug. 2 1859.

Messrs. W. E. HAGAN & Co., Troy, N. Y.—Gents: The happy results attending the use of *Heimstreet's INIMITABLE* (in every sense of the word) *Hair Restorative*, seems to demand that I should give my testimony that other ladies might profit by it. I have never used a hair preparation that I liked so well. It has *completely restored* every hair that was grey to the color it was in girlhood, and has brought it out thick and healthy. I was induced to use the article by Mr. Reynolds, your Agent here. If this letter will be of service, you may publish it.

Very respectfully yours,
Mrs. M. M. BORST, *Brooklyn st.*

INTRODUCING TESTIMONIALS

Altho' we have very many of them,

FOR

THE MAGNOLIA BALM:

For when the face is covered with unsightly Pimples or Blotches, the sufferer cares only to be directed to use some *safe and reliable remedy.*

THE MAGNOLIA BALM WILL CURE
THE WORST CASE OF PIMPLES.
IN A SINGLE WEEK.

It is so safe a remedy that the contents of a bottle might be drank without harm. Physicians look upon its speedy cures for it has heretofore been thought absolutely necessary to use preparations of lead or mercury to cure immediately; but the MAGNOLIA BALM contains neither. It is the most elegant and neatly put up article for sale anywhere, and may be obtained of all our Apothecaries and Fancy Goods Dealers.

Sold every where—Price Fifty Cents a Bottle.
